

Umn.Life GDPR Policy

Effective Date: 26th January, 2026.

Umn.Life provides a platform for live, one-to-one human interactions. Umn.Life do not collect, store, or analyse your conversations, and do not process personal data for marketing or analytics.

1. Client Responsibility

Clients are **fully responsible for ensuring GDPR compliance** for all interactions conducted on Umn.Life. This includes:

- Informing customers about how their data is handled.
- Obtaining any necessary consents.
- Ensuring their own procedures comply with GDPR requirements.

Umn.Life **cannot be held liable** for any GDPR-related breaches arising from client interactions.

2. Data Collection by Umn.Life

The only information Umn.Life may access minimal technical data for software updates and platform maintenance. This does not include personal conversation and video data.

3. Safeguarding and Transparency

All conversations are one-to-one and live, with **no recordings, AI avatars, or hidden systems**. Every interaction is fully transparent and visible to participants. Once the call ends, everything disappears! Completely gone. Nothing is stored, nothing remains.

4. Summary

- Umn.Life **does not process or store personal conversation data**.
- GDPR compliance is the **full responsibility of the client**.
- Our platform is built to facilitate **trust, transparency, and real human connection**.

5. Changes to this Policy

We may update this GDPR Policy occasionally. Updates will be posted here with a **new effective date**.
